

EDUCATIONAL PROGRAMMING AT THE FORKS

Thursday 10AM - 1PM | January 22- March 6, 2015

With snow on the ground, The Forks is once again offering educational programming in conjunction with our Arctic Glacier Winter Park! Schools can customize a day of activities in and around The Forks, including snow sculpting, Aboriginal art and storytelling, and a variety of outdoor activities. We are pleased to offer all programming for **FREE**, but require all schools to book their dates and programs in advance. Programming is on a first-come, first-serve basis, and space is limited so please book early. We've also created a special lunch program for only \$6.50 per child.

ABORIGINAL STORYTELLING
Students gather inside a traditional teepee and listen to stories about the history of The Forks site and the Aboriginal community.

ABORIGINAL ART
It's time to get creative! In groups, students will design their own piece of Aboriginal art to take with them.

SNOW SCULPTING CLINICS
With the help of professional sculptors, students learn the art of snow sculpting while creating their own piece. Snow blocks and child-friendly carving tools are provided.

OUTDOOR ACTIVITIES
Skating, tobogganing and snow boarding in Arctic Glacier Winter Park are available to classes at your leisure. Skate rentals available: \$3 for kids and seniors and \$5 for adults.

LUNCH PROGRAM
A specially priced lunch program is offered for \$6.50 or less at participating Forks Market restaurants. Please see attached form.

FREE PROGRAMMING SPRING - FALL
Our Target Zero is our ambitious goal of reducing The Forks' carbon footprint to ZERO. The 60 minute walking tour, led by two actors, invites kids to explore what we have done at The Forks to reduce our waste while encouraging them to think 'green' and minimize their own carbon footprint. The maximum capacity is 30 students per group.

For more information or to book your school group, please contact: education@theforks.com or 204.987.4378
*Space is limited. Advance booking is required.
